FILE HEADING

Sewage Farms in the Bangalore City

From

The Chief Engineer of Mysore

No 6865 Dated 6 9 '07 Received 9 7 1907

Diary No 1820	Enclos 2	Spare Copies	Serial No

BRIEF ABSTRACT OF LETTER

Forwards for early sanction an estimate amounting Rs 31004 for working the Sewage Farms at Chamarajendrapet & Malleswaram Extensions of the Bangalore City during 1907-08 called for from the San. Engineer.

NOTES AND ORDERS

The estimate for working these farms during 1906-07 amounted to Rs 22004 which was ordered to be met from the sum of Rs 10,0004 placed at the Municipal Board's disposal out of the grant of 1 lakh of rupees for

Notes - First sheet

Serial No

from the Govt for that year on ac
count of the City Improvement As
the said allotment of Rs 10000 was
subsequently withdrawn, it is not
clear how the working expenses of the
Farm were for 1906-07 were adjusted
There is no provision for the present
Charge in the Current year's Muni-
cipal Budget As the farms have
not yet assumed a final shape we
made over to the Municipality like Com-
pleted Drains and as no portion of
the Lakh grant is made available for
expenditure by the Municipal agency
it is a point for consideration whether
this charge may not be debited to the
said grant The Chief Engr may
perhaps be consulted re O on the
point before making any reference to
the Municipal Council aimb [illegible]

may be debited to the grant of a lakh of rupees made to the Sanitary Department every year

Attention is respectfully invited to the Chief Engineer's opinion recorded at page 3 of this note. The annual lakh grant is intended for specific works all of which have been started and are in different stages of progress, and cannot therefore be diverted for any other purpose

~~It may also be noted in this connection that under the Regulations it is an obligatory function of the City Municipal Council to maintain these sewers and drainage works.~~

FROM

THE PRESIDENT,
Municipal ~~Commission~~ Council,
Bangalore City

ml 184-07
8/3

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
B A N G A L O R E

SIR,

With reference to your docket No 4500/Ml 184-07-2 dated the 15th November 1907, forwarding a copy of the Chief Engineer's letter No 6355 dated the 5th September 1907 together with its two enclosures and requesting to be furnished with a copy of the Council's resolution and my opinion in the matter of the Municipality bearing the charges of the Sewage Farms in Chamarajpet and Malleswaram Extensions for the year 1907-1908, I have the honor to state that upon facts set forth in the correspondence ending with the Sanitary Engineer's letter No 1578 dated the 13th September 1906, sanction of Government was solicited pending the approval of the Council in my letter No 84 dated the 22nd September 1906 for the estimate prepared by Mr Bhore for working the sewage farms in 1906-07 It was at the same time suggested that the amount of the estimate might be met from the Special Grant of ₹10,000/- placed at the President's disposal Sanction thereto was accorded in Government Proceedings No 4238-9/Ml 162-06-3 dated the 22nd November 1906

2 Subsequently the question was discussed by the Council at its meeting held on the 29th November 1906

and

5

and it was resolved that the farms should be taken over as they became ready

3. Upon a separate communication addressed to Government by the Chief Engineer that the full grant of Rs. 10,000/- sanctioned for the 'City Improvements' should be placed exclusively at his disposal and that no portion of the said grant should be transferred to the Municipality, the Government in Proceedings No. R 7941-3 / G 7373-61 dated the 17th April 1907 withdrew the grant immediately This withdrawal placed the Municipality in a rather difficult situation as works unprovided for in the Budget for want of funds had been started on the belief that the said grant was available for expenditure as in the previous years

4 Moreover, the Council were led to believe from the figures furnished by the Sanitary Engineer that the said Farms were not only self-supporting but also a source of profit to the Municipality

But for the above Special Annual Grant of Rs 10,000/- and the assurance from the Sanitary Engineer as to their (i e the Farms) being a source of revenue the Council would surely, having regard to their financial condition, not have embarked on an enterprise of this nature

5 Though the Government are not unaware of the actual condition of this Municipality as regards funds they have nevertheless declined to grant assistance to maintain the costly roads of the two Extensions forced upon it by the Sanitary Department

6 Under the above circumstances, I request that you will be so good as to to obtain the sanction of Government not only for the Sewage Farms being maintained by the Sanitary Department till such time as

the

6

they become self-supporting but also to meet the charges already incurred for 1906-07 out of the Sanitary Budget since Government have now withheld the Special Annual Grant of Rs 10,000/- out of Rs100000/- allotted every year to the Sanitary Department

7. A copy of the resolution of the Municipal Council together with the two enclosures received with the docket under reference is herewith submitted

I have the honor to be

Sir,

Your most obedient servant,

President,
Municipal Council, Bangalore City

1 The Sanitary Engineer's docket No 1130 dated the 19th July 1907, forwarding a consolidated estimate amounting to Rs 2700/- for working up the sewage farms at Malleswaram and Chamarajendrapete Extensions of the City during 1907-08

Resolution -The recommendation made by the Sub-Committee may be adopted

Sd D Devaraj Urs, President

(Sub-Committee's Report)

The Council have in their Meeting of the 29th November 1906 resolved that these Sewage Farms be taken over as they become ready Since from the report of the Sanitary Engineer it is learnt that they have not as yet become ready, the question of taking them over under Municipal management, may, in our opinion be deferred till the end of the Official

ear

year.
